SureTemp® Plus 692
Electronic Thermometer

SureTemp Plus 692 Thermometer

The speed and accuracy you require, and the safety and security you demand.

Easy:

Intuitive user interface, easy-to-read LCD screen and flashing icons, helps select and identify temperature measurements and modes.

Safe:

Designed with interchangeable oral/axillary (blue) and rectal (red) probe wells to address patient safety and help reduce the risk of cross-contamination.

Fast and Accurate:

With proven accuracy, the SureTemp 692 thermometer captures quick readings- approximately 4-6 second oral, 10-12 second paediatric axillary and rectal and 13-15 second adult axillary measurements.

Secure:

To top it all off, our security features make sure the unit stays where it is supposed to be. A location ID on the display and other innovative features help prevent theft.

- Easy-to-use, intuitive operation
- Interchangeable oral/axillary and rectal probe wells help reduce the risk of cross-contamination
