# ADVANCING CONNECTED CARE™ WITH VITAL SIGNS CONNECTIVITY

## Hillrom Integrated with Epic

Connected devices can help you improve clinical workflows and patient outcomes while reducing manual data entry errors. Experience the difference at your facility and send accurate, automated vitals directly to your EMR.

## The Simplicity of a Connected Workflow

1

Scan clinician ID

2

Scan patient ID

3

Take patient's vital signs

4

Tap "Save" to automatically send vitals data to the EMR

## Connectivity Counts

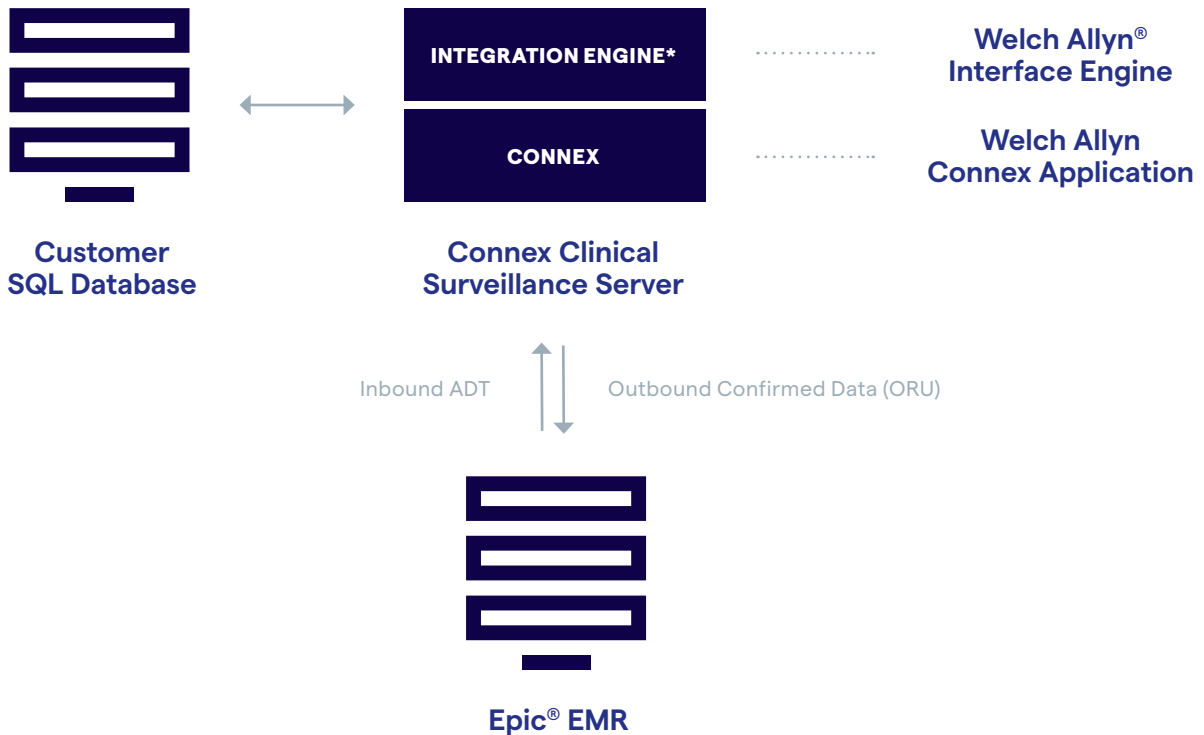

Help save time and improve data accuracy by streamlining your clinical workflows.

- Reduce time previously spent manually entering data into the EMR
- Improve accuracy by minimizing manual processes and associated errors
- Work more efficiently by freeing up your time for other patient priorities

### Welch Allyn® Connex® Spot Monitor (Wired or Wireless)

### Customer Data Center (On or Offsite)
